

## **Northern Soccer Academy School program**

In partnership with Northern Soccer Academy Inc., the program is designed to introduce the sport of soccer to school aged children, by bringing the soccer field to the school gym! This is where we reach children that would otherwise not have access to the world's game.

The best part? We bring everything to the kids – no field trip or school buses required! Soccer is a highly social sport that can be enjoyed for a lifetime. It is a fantastic physical activity that can be enjoyed by all ages and abilities. It also promotes sportsmanship and camaraderie, and is an inexpensive and a less dangerous alternative to many other sports.

The program visits participating schools for a full school day or half a day. We take over gym as classes, while students take turns visiting for 40 minutes sessions of fun and instruction.

Various drills, relays and team-building activities are used to introduce students to the sport of soccer. It is a highly interactive program with the emphasis on fun!

All equipment is supplied by Northern Soccer Academy!
